

**REPORT FROM EDUCAUSE 2000 MEETING**  
**Registrar Constituent Group**  
**Wednesday, October 11, 2000**

Between thirty-five and forty people attended the luncheon meeting of the Registrar Constituent Group, representing Canada, Zimbabwe, and more than a dozen U.S. states.

Large-group discussion topics ranged from the sorts of sessions people in the group were interested in attending to the pros and cons of various options for including technical staff in Registrar's Offices. Prior to the large group discussion there were smaller informal discussions over lunch.
