

Spectrum Information for Campuses

2/10/2008

Bill Johnson's EBS Whitepaper DRAFT.

This has some good info for EBS licensees.

http://www.onenet.net/~bjohnson/whitepapers/EBS_Whitepaper_Draft_2008.doc

Bill Johnson's messy text doc which contains the names and call signs of every EBS BRS license.

Use this only if you want a simple text doc to "Search" for the name of your college. This will ONLY tell you if your school HAS a license. You will still need to do a lot more research for details.

http://www.billjohnson.net/files/ALL_EBS_Licenses.txt

FCC License Search for licenses on or near your campus:

<http://wireless2.fcc.gov/UlsApp/UlsSearch/searchLicense.jsp>

- Click on "Advanced Search"
- In "Service Group" select "EBS - BRS"
- Select on "Geo Search"
- Enter the Latitude - Longitude of the center of your campus
- Enter 35 miles in Radius
