Each attendee introduced themselves and told us what Imaging and Document Management projects they are working on and what they wanted to get from this group. Some topics that came up for discussion were: whole solutions, archival activity, library solutions, low cost ways to start, digital libraries, and bandwidth with document management.

Most people in attendance wanted some assistance in getting started with an Imaging and Document Management solution. Most were just in the preliminary stages and were suggested to use the listserv as an avenue to ask questions.

Attendees were encouraged to visit the Imaging and Document Management Constituent Group website at <http://www.educause.edu/cg/image-dm.asp> . Anyone that has suggestions for topics of discussion, changes or enhancements to this group meeting to be included at EDUCAUSE 2007, should email them to Susan Thornton (thorntons@ecu.edu). Also to join the listserv, go to <http://listserv.educause.edu/cgi-bin/wa.exe?SUBED1=image-dm&A=1>
